Environmental Health & Safety Policy

Walstead Central Europe is dedicated to adopting responsible business activities that are consistent with our reputation for integrity.

Accordingly, Walstead Central Europe commits itself to:

- Strive for an injury free workplace;
- Comply with all applicable laws and regulations in the countries in which we operate;
- Manage environmental aspects of our business to effectively and efficiently utilize natural resources where technically and economically feasible;
- Manufacture, source, and distribute products that meet all applicable safety regulations;
- Utilize management systems to promote continuous improvement.
